Jeremy Shrader Combos

Great for listening or dancing - without overpowering.

The crooning vocals of Jeremy Shrader are featured in this intimate setting. Shrader also provides trumpet interludes and MC services. *Solo performance and combos from two to seven pieces are available.*

Jeremy and Michelle

Husband and wife duo will bring the love to your next event.

Jeremy sings and plays trumpet with his wife, Michelle (classical guitarist, vocalist, and songwriter), performing an array of styles and songs ranging from jazz standards, pop, and classical, to original compositions. *They are also available individually or with their jazz combos, from three to eight pieces.*

Hot Jazz Combos

If you want a lively, Creole style party, then you need the Dixieland swing of this band.

The sound of Louis Armstrong, "The Great Gatsby," and 20's 'Hot Jazz'. Three horns, banjo, piano, tuba, and drums provide an authentic sound and their repertoire of swinging tunes will keep your guests of all ages smiling. *This group is available in many configurations, from two to eight pieces.*

Jeremy Shrader's Octocats

All the elegance and style of a big band, but on a smaller scale – 8-piece big band.

This band has four horns and a driving rhythm section, like the classic Hollywood wedding band. This is a smaller version of our popular big band, playing many of the same songs. This is great music for dancing and for delighting your guests.

New Memphis Hepcats

WOW them with this 16-piece stunner! Rat Pack, Big Bands, and more.

This is our flagship band, made for getting people on their feet! Whether you want the sophisticated swing of Ellington or the smooth vocals of Sinatra, this band can give it to you, with class to spare. The full horn section sound will add flair to your event, or make your wedding truly unforgettable.

J.S. Brass Band

Brass, boogie, and blues!

Add a second line to bring your guests in or out, make a grand entrance, or move the party along! We bring the sound of New Orleans and Mardi Gras to any party or event. Horns, drums, and sousaphone are ready to travel and bring the boogie. *This can be easily added to any band package or available as a stand-alone ensemble - three to nine piece ensembles are available.*

Big Barton

Classic country and western from the golden age of WSM radio.

The songs of Hank Williams, Ernest Tubb, Johnny Cash, and Pasty Cline bring an authentic southern charm to any event. Jeremy sings and plays guitar with some of the finest musicians in the area and some of the biggest belt buckles you've ever seen. *Two to seven piece bands are available.*
